A Fiber Artist's Guide to Color & Design
By Heather Thomas

A basics & beyond Book from Landauer Publishing

Landauer Publishing is proud to announce the release of *A Fiber Artist's Guide to Color & Design* by Heather Thomas. This anticipated new book is a complete color education in 208 pages. Readers are invited to begin a new journey into classic color theory and the principles of design, with a book that seeks to inspire fiber artists in their use of color combinations, help them understand the language of color and design and guide them as they explore how design works.

Heather Thomas, an accomplished quilter, designer, teacher, and author, has been teaching and lecturing about color theory and design principles for fiber artists for ten years. Those classes and lectures created the foundation of *A Fiber Artist's Guide to Color & Design The basics & beyond*. Readers will learn color terminology, scale, value, dominance, intensity, saturation, harmony, and rhythm from the clearly-written text, as well as from the hundreds of full-color illustrations, color wheels, charts, and photographs. Heather knows that color is learned experientially, so after a study of color and design theory, the book includes 12 Workshop Lessons, such as monochromatic quilts, color temperature, and more, each with project goals and guidelines.

Additional features include properties and psychological "profiles" of each color and a thorough discussion of design elements and principles such as line, shape, blending and form, making this book a complete color experience. Throughout the book are examples of fabulous fiber art creations that illustrate the principles of design and the goals of the workshops.

Heather Thomas began quilting over 25 years ago, taking a turn toward art quilting in 2000. A teacher for over 15 years, for the past ten years has taught a popular 13-month color and design class for fiber artists. She is the co-author of *Fabric Embellishing The basics & beyond*.

A Fiber Artist's Guide to Color & Design, by Heather Thomas, contains 208 pages. It retails for \$29.95 with a hardcover, hidden-spiral, lay-flat binding. It is available through your favorite bookseller, quilt shop, or direct from Landauer Publishing at 800-557-2144 or on the web at www.landauercorp.com.
