**By Shannon Dennis**

More than 50 Techniques, 35 Home Décor Projects—And a Bonus 45-minute ‘Show-Me-How’ DVD

Landauer Publishing is proud to present the ninth title in the award-winning and best-selling “basics & beyond” series: *Sewing Home Décor, The basics & beyond*. With easy-to-understand text, step-by-step photos and a 45-minute ‘show-me-how’ DVD, this book will give anyone the confidence to create home decorations that reflect a truly personal style!

*Sewing Home Décor, The basics & beyond* first teaches over 50 fundamental techniques in the areas of stitching, hemming, construction, trims and embellishments, closures and quilt making, as well as covering the basic parts and functions of a sewing machine. With this information, even a beginner will have the confidence and know-how to successfully complete any one of the 35 included projects.

From kitchen to dining room, from living room to bedroom, the stylish projects featured in *Sewing Home Décor* will transform a house into a home that expresses the creativity and aesthetic of the stitcher who lives inside. Step-by-step directions for duvet covers, decorative pillows, window treatments, chair covers, table settings, and more are accompanied, by clear, full-color photos to illustrate each stage of the project.

The included 45-minute ‘show-me-how’ DVD reinforces the techniques taught in the book, with clear and easy-to-understand instructions. The book features a hardcover, hidden-spiral binding that allows it to lay flat while the reader practices a technique or stitches on a project.
